## PROFILE

## TECHNICAL DESIGN

- / Wooden inner frame
  - / Spring system: coil spring unit
  - / Seat upholstery in cold moulded polyurethane foam, density " > 50 kg/m<sup>3</sup>
  - / With a removable cover made of double sided laminated fleece; 100 % polyester
  - / Back upholstery in cold moulded polyurethane foam, density " > 50 kg/m<sup>3</sup>
  - / Steel single foot with predrilled holes for the connectors
  - / The legs from the Freistil leg collection cannot be used here
- The volume weight details may vary within a tolerance range of 10 %

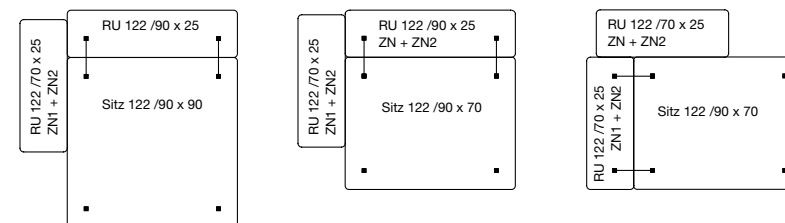

## INFORMATION

- / Only a limited cover collection is available for this product (ECHT fabric collection).
- / The cover is available with two seam variants: a felled seam and double right/left seam (piping)
- / The groups can be extended/enhanced, reduced or regrouped at any time.
- / All seat and backrest elements are delivered in parts. The cushions are delivered without covers. They can easily be assembled and covered. The tools that are necessary for doing this are supplied. Please refer to the assembly instructions and tutorial, see QR-Code.
- / The whole scope of delivery is delivered directly to the user. Please provide your address details (name, address, telephone number, e mail ) to freistil Customer Service when you place your order. Our delivery team will inform the user of the delivery by e mail and telephone.
- / The fabric cover can be removed without tools and can be washed at 30 C or chemically cleaned. Please refer to the washing instructions that are sewn into the cover and observe the information in the assembly instructions and tutorial, see QR Code.
- / Replacement upper covers are available for purchase up to 10 years after delivery. However, the colours and structures of the fabrics may differ from the original condition when they were first delivered. If cover materials are no longer available, please consider other suitable materials
- / All internal parts, inner covers, moulded foam parts, spring core, frame and fitting components are available for purchase as suitable individual parts for at least 10 years after delivery.
- / The inner layer made of laminated fleece is not washable.
- / Due to the casual upholstery which is required for this special seating comfort, waves and seat indentations are formed when you sit on the sofa. You can easily correct this by smoothing the cover from the middle outwards. Compared to firm upholstery, more effort is required to maintain the appearance of this furniture.

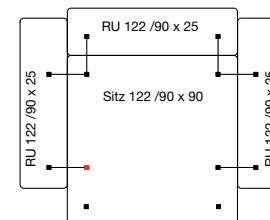

High-quality, casual upholstery that forms waves/leaves indentations that are typical of the material.

**During planning, certain seat and backrest combinations are not possible see the overview:**

**Each 122/90x90 seat and RU 122/70x25 backrest is supplied with an additional leg. This is required for many placements, but not all. If a 122/90x90 seat is combined with three 122/90x25 backrests, another additional leg must be ordered.**

More information.
