PROFILE

TECHNICAL DESIGN

- Wooden inner frame
 - Spring system: coil spring unit
 - Seat in polyurethane foam "density" 35 kg/m³
 - Back in polyether foam "density" 30 kg/m³
 - Standard foot: tubular steel leg, textured paint black RAL 9005
- The data of "density" can vary in a range of +/- 10 %.

INFORMATION

- **For an additional charge: the upholstered bench can be equipped with two rollers on one side to make it easier to move. Please specify on ordering.**
- In the case of covers with a pile such as chenille or velours, the high friction resistance of the cover can prevent the upholstered bench from moving.
- There are more dividing seams in leather covers than in fabric covers. Detailed information about this can be found in the Info section.
